Est. Fair Mkt.	ESTIMATED FAIR MARKET VALUE. In addition to the assessed value, Wisconsin law requires that your taxation district show the estimated fair market value of taxable property on property tax bills. This estimated fair market value reflects the approximate market value of your property as of January 1 of the year shown at the top of this bill. Note: Land classified undeveloped or agricultural forest is assessed at 50% of market value according to Wisconsin law. For these classifications, the estimated fair market value will not be the approximate market value of property. (Also see: Use Value Assessment)
State Taxes	The State of Wisconsin no longer imposes the forestation state tax.
Referenda / Resolutions	For informational purposes only – Wisconsin law requires information to be displayed for any temporary property tax increases approved through a referendum or resolution by a county, municipality, school district, or technical college. If you would like more information, contact the taxing jurisdiction directly.
Use Value Assessment	Wisconsin law does not require that the estimated fair market value be shown for agricultural land. Any parcel benefiting from use value assessment may be subject to a penalty under sec. 74.485, Wis. Stats., if the use of the parcel changes. If you would like more information, contact your local assessor or the Department of Revenue, PO Box 8971, Madison WI 53708-8971.
